Kingdee International Announces 2014 1Q Results of Wholly-owned Subsidiary

Mobile Internet Transformation Strategy Proved Successful Kingdee China's Software Revenue Achieved Double-digit Growth

(28 April 2014, Hong Kong) Kingdee International Software Group Corporation Limited ("Kingdee International" or the "Group"; Stock Code: 00268.HK), a leading Cloud Management services provider in Asia Pacific region, announced today the unaudited results for the first quarter ended 31 March 2014 (the "Reporting Period") of its wholly-owned subsidiary, Kingdee Software (China) Co., Ltd ("Kingdee China").

During the Reporting Period, with the effective execution of 5 major strategies, the Group witnessed rapid growth in Cloud Management and significant success in a business transition toward the Internet. Kingdee China saw improvement in its operating results. In the Reporting Period, Kingdee China's operating revenue grew by 6.2% year over year to approximately RMB274 million. Of which, revenue from both software and maintenance businesses recorded double-digit growth and their revenue mix continued to increase, thereby improved Kingdee China's gross profit margin to 81.3% from 77.7% in the same period last year. Net loss narrowed substantially from RMB68.32 million in the first quarter of 2013 to RMB18.98 million in the Reporting Period. Cash and cash equivalents was RMB627 million as financial position remained sound.

Mr. Xu Shaochun, Chairman of Board of Directors of Kingdee International, said, "Building on the successful transformation to Mobile Internet from last year, the Group implemented its "Dual-core drivers, Accelerating transformation to Mobile Internet" strategy in 2014 to boost business growth. The Group's strategy proved successful as Kingdee China witnessed growth in operating results. Looking ahead, the Group, by leveraging its first-mover advantages in the Mobile Internet transformation, will constantly evolve the enterprise Internet business model and create the best user experience while working and growing more closely with customers. Kingdee aspires to become the largest work and business platform in China in the next 3-5 years and gain a significant presence in the global Cloud Computing market in the future."
