Kingdee SaaS Cloud Services Achieves ISO 27001 Certification for Information Security

(9 February 2015, Hong Kong) Kingdee International Software Group Company Limited (Stock Code: 00268.HK), reported today that its SaaS (Software as a Service) cloud service has achieved ISO 27000 certification for information security management following an audit by the well-known British Standards Institution (BSI). Kingdee is the first SaaS cloud service provider in China to achieve the new ISO27001:2013 security certificate.

ISO/IEC 27001 is an internationally recognized best practice framework for an information security management system. The certification not only demonstrates Kingdee's commitment to clients' information security but also is a testament to Kingdee's capacity in data protection and service feasibility.

Mr. Xu Shaochun, founder and CEO of Kingdee, commented, "Kingdee's SaaS cloud service mainly consists of cloud hub and youshang.com. We adhere to the ISO/IEC 27001 standard, and have established an information security management system applicable to our SaaS cloud service. We carefully design the overall strategy, management system, operational process specifications as well as standardize the operation, maintenance and development for the service, which helps us respond quickly and prepare better for facing unexpected events. The effect is to reduce the information security risk and erase customers' worries."

By using mobile office and social collaboration application, the Cloud Hub (www.yunzhijia.com) enables enterprises to break down the departmental and geographical barriers, quickly realize business mobility, improve communication and heighten collaboration efficiency. By the end of 2014, the number of enterprises using the Cloud Hub exceeded 200,000 and the number of users exceeded 2.5 million. The Cloud Hub was recognized as the Best Business Mobile Office Application by ccidnet.com and won a Top Ten awards conferred by leiphone.com.

Youshang.com is the largest online financial services platform in China. It is a top brand in the online bookkeeping sector, offering book entry services for online deposit, payment and transfer, online accounting and online ERP. It enables a financial manager to manage the accounting services at almost anytime, anywhere, with only one account. It substantially changed the ways of applications of traditional accounting software. As of today, the number of users for youshang.com is approximately 1 million enterprises.

Additionally, on January 23, Kingdee announced that it would make Wise Note services for free. Wise Note was initiated in the incubator of the Kingdee Youshang.com, focusing on online deposit, payment and transfer services for the micro enterprises. It has more than 2.6 million micro enterprise clients since the launch of the online services five years ago, becoming the largest SaaS-based software provider for micro-enterprises in China. Based on the solid database of micro-enterprises, Wise Note offers extensive and reliable services, including the Kingdee Haodai (enterprise lending) and Kingdee Shengcai (enterprise financial management) services for micro-enterprises.
