As the new generation of digital enterprise symbiosis platform based on Cloud-native architecture, Kingdee Cloud Cosmic is equipped with distributed architecture to support the implementation of typical Cloud-native technologies such as microservices, container

services and DevOps. Being certified to be compatible with Huawei Cloud Kunpeng Cloud services, Kingdee Cloud Cosmic helps enterprises to further integrate their PaaS+SaaS enterprise-grade Cloud service platform. The launch of aforementioned solutions marks a remarkable progress in building the Kunpeng industrial ecosystem.

ZHAO Yanxi, the senior vice president of Kingdee China, said at the launching ceremony, “The large enterprise solutions jointly launched by Kingdee Cloud Cosmic and Huawei Cloud will provide enterprises with trustworthy and complete range of proprietary Cloud product and service solutions ranging from hardware to software. Both sides are highly complementary in enterprise services. We can get deeply integrated with each other’s technologies, products and services to provide clients with better products and services.

GAO Jianghai, the general manager of Huawei Cloud BU Basic Services, said at the launching ceremony, “With a combination of Huawei Cloud Kunpeng Cloud services and Kingdee’s extensive technical knowhow and complete ecosystem in the ERP sector, both of us believe that the solutions will help large enterprises implement digital transformation in a more professional and efficient way.”
