## **Kingdee Signs a Contract with CCB Fintech to Help CCB Build a New Intelligent Financial System**

[ **【 - 】**, Hong Kong] Kingdee International Software Group Company Limited (“Kingdee International”, “Kingdee” or the “Company”, collectively called the “Group” along with its affiliated companies; stock code: 0268.HK) recently received a notice about winning the bid as a supplier issued by CCB Financial Technology Co., Ltd. (“CCB Fintech”), it is said that Kingdee has won the bid for the intelligent financial procurement project of CCB Head Office (CCB) it organized.

The contract signing is intended to replace the previous system from a foreign supplier with Kingdee cloud platform consisting of Kingdee Cloud Cosmic and Kingdee Cloud Constellation and help CCB Fintech remove the technical bottleneck. Through the cooperation, Kingdee will help CCB Fintech build a new fund & asset system with timely business response, advanced structure design and user-friendly operation experience for CCB.

The fund business is at the core of CCB’s management. While supporting CCB in digital transformation, CCB Fintech reveals problems in its system, as the system is too complex to meet specifications of next-generation design. As the requirement on the synergy and integration between CCB’s ERP system and relevant external systems is increasingly higher, the demand for building a new fund & asset system to achieve delicacy financial management and high-quality corporate development is more pressing.

To solve such problems, CCB Fintech chooses Kingdee and kicks off a new journey to intelligent finance. Dedicated to the financial field for nearly three decades, Kingdee has accumulated mature solutions, products and technologies in the intelligent financial

field. According to IDC data for H1 2021, Kingdee ranked first in the corporate SaaS financial cloud field by market shares. The project introduces the core modules of Kingdee Cloud Constellation Finance, including the financial sharing center, comprehensive budget, cost calculation, receivables and payables, fixed assets and general ledger modules.

Over the past 28 years since its launch, Kingdee has provided management products and services for over 6.8 million enterprises and government organizations, empowering the building of “digital China” and paving the way for the independent and high-quality development of governments and enterprises. The cooperation with CCB Fintech shows Kingdee’s exploration and innovation in the frontier field of financial management. Both sides will give full play to respective advantages, and leverage digital technologies to advance the digital transformation and high-quality development of CCB and create demonstration effects for the industry.

-End-

### **About Kingdee International Software Group Company Limited**

Kingdee International Software Group Company Limited (“Kingdee International” or “Kingdee”) was established in 1993. It is listed on the Main Board of the Hong Kong Stock Exchange (stock code: 0268.HK) and headquartered in Shenzhen, China.
